

MEDITATION-4

I WILL ANSWER YOU...

- **Who is God? (A narration about a Devotee conversing with God....Experience is God). God answers our questions, queries, anxieties, worries through our own experiences.**
- **We may have many different types of questions to ask the Lord. Practically all questions need not have same answer or one answer. There may be some questions for which there will be different various answers. Even**

among those answers, none of the answers would be a satisfiable ones.

Question like “why?” – we may find very difficult to arrive at a final best answer. But God can always do so.

- Mostly the questions are raised with blaming attitude. While God answers, He does it in such a way, we understand our attitude, but the answer would be a satisfiable one (mostly).**
- Sometimes, our own behaviors become the answer for the questions**

we raise. This can be also taken as answer given by God.

- How God answers? Mere presence is an answer (Covenant), Word of God is an answer book where no answer go wrong (Mt 5:18), Forgiveness is an answer, God's patience is an answer (2 Pet 3:9), Our own tears may be an answer, self realisation may be an answer, (1 cor 13:4-7 – may be an answer, self acceptance may be answer.

- Job 31:14 – If god asks me for an account – What would I answer?

- **Psalm 91:15 – I will answer them in their difficulties**
- **Proverbs 27:11 – God comes out with condition .**
- **Isaiah 41:17 – I will answer my people**
- **Isaiah 65:24**
